The following pages highlight information about BW's **FREE** benefits, all offered to support YOU (and spouses, too, in many cases). Read on for details about earning Vitality Points and Bucks, getting help with losing weight, applying for a grant if needed, accessing business travel benefits and more. In addition, team members and spouses can mark **MyQHealth as a resource (see p. 10)**—prioritize getting connected!

**Vitality**

FOR SPOUSES, TOO

Free to ALL BW team members and spouses in the US and Canada, Vitality is designed to inspire, educate and assist you in making healthy choices and adopting healthy behaviors. The Vitality program year mirrors our fiscal year, beginning on October 1 and ending on September 30.

Vitality supports team members in achieving household wellness, knowing that each spouse's wellbeing has a meaningful impact on the other. As such, all Vitality accounts are household accounts—if you have a spouse, you earn Vitality Points together and share one status per household.

### Who should register for Vitality?

ALL BW team members and spouses in the US and Canada should register for Vitality, regardless of medical elections.

### Why should I register for Vitality?

Increasing energy, maintaining a healthy weight, feeling great and reducing your risk of chronic disease are significant benefits of actively engaging with Vitality. Added incentives include the following:

- Vitality Bucks, redeemable for Amazon gift cards, merchandise and more
- \$70 Vitality Mall coupon per person to apply toward a fitness device after completing a FREE biometric screening and online Vitality Health Review (VHR) for the first time
- Annual gym rebates up to \$400 per person (for team members *plus* spouses)

### What happens after I register?

First-time users must activate their membership by completing the VHR—an easy, 10-minute assessment of current health and habits. Completing the VHR allows Vitality to best support you in achieving your health goals.

## YOUtilize This

### WHAT CAN I DO ON MY MOBILE DEVICE IN THE VITALITY TODAY APP?

After downloading the Vitality Today app, you can:

- Take the Vitality Health Review (VHR) and see your results
- Check in to gyms via GPS
- Submit evidence of completed activities
- Set and activate goals

## How Can I Earn Vitality Points?

Vitality Points are earned by participating in activities in different categories, such as:

- **Healthy Measures:** Non-tobacco user and in-range BMI, cholesterol, blood pressure and glucose (all measured at your FREE, confidential biometric screening)
- **Physical Activity:** Steps/day, workouts, MoveSpring movement challenges, athletic events and BW-sponsored events
- **Education:** Online health assessments, nutrition courses, CPR certification and first aid certification
- **Prevention:** Physical, age/gender-appropriate screenings (p. 35), dental screening, flu shot and COVID-19 vaccine
- **BW-Sponsored Activities:** Health coaching (p. 6), prediabetes and diabetes management programs (p. 6), weight management program (p. 6), tobacco cessation program (p. 6) and special wellbeing events

**1 Vitality Point =  
1 Vitality Buck to Spend on Vitality Rewards**

## How do I unlock the annual Vitality gym rebate?

It's easy! Complete and log 125 verified standard and/or advanced workouts during the program year by checking in at your gym on the Vitality Today app and/or tracking your workouts with a Vitality-approved device or linked app. Once you have completed your workout requirement and accrued your maximum potential for reimbursement, along with proof of payment to your gym, login to Vitality and click Rewards > Wellness Rebates. Your rebate (up to \$400 per person per year) will be directly deposited into your bank account.

## Who has access to the personal information I submit online to Vitality?

Vitality is completely confidential. All personal information is protected by the Health Insurance Portability and Accountability Act (HIPAA).

## What is Vitality status and how is it determined?

Your Vitality status is determined by the number of Vitality Points that you earn during the program year. If you have a spouse, you earn points together and share one status for your household. There are four Vitality status levels (bronze, silver, gold and platinum), and the more points you earn, the higher your status. When you achieve a higher status, you earn Vitality Bonus Bucks!

## How do I get to GOLD status?

The quickest paths to GOLD start with the completion of your Vitality Check (biometric screening) and the VHR. For guidance on getting to GOLD (or higher) status in Vitality, login to Vitality and click Points > Points Planner or visit [www.bwwellbeing.com](http://www.bwwellbeing.com) and click Engage in Vitality > Vitality Path to Gold and Beyond.

## What is the MoveSpring challenge platform, and how can I participate in MoveSpring movement challenges to earn Vitality Points?

MoveSpring is a state-of-the-art, easy-to-use mobile app and website compatible with most fitness devices/smartphone apps. First-time users must follow the detailed enrollment instructions at [www.bwwellbeing.com](http://www.bwwellbeing.com) to create an account. Once enrolled, team members and spouses may join or create a team for any scheduled movement challenges—plus, earn BONUS Vitality Points based upon participation level! Tracking activities during challenges is simple: Link a fitness device/smartphone app (if you have one), and/or enter activities into the MoveSpring app or website at <https://bw.care/movespring>.

For BW medical, dental and/or vision enrollees, MyQHealth by Quantum Health provides additional individualized services to help you and your family get the most out of your medical and prescription drug benefits. MyQHealth, in partnership with UMR, serves as the plan administrator for BW medical plans (all of which use the UnitedHealthcare Choice Plus network of doctors and hospitals), which means that BW's dedicated team of MyQHealth care coordinators can advocate for you, and organize and simplify your medical and prescription benefits.

**In addition to the services on p. 10, the following benefits are included for covered team members and spouses:**

- **Find a provider:** MyQHealth can connect you with highly rated, cost-effective doctors.
- **Cost transparency help:** Let MyQHealth provide pricing estimates for procedures, medications and other health services, and reduce your out-of-pocket expenses.
- **Nurse support:** MyQHealth nurses can help you connect with resources, acquire specialist referrals and prepare for any upcoming procedures, and they will follow up with you after doctor appointments and hospital stays.
- **Billing/claims reconciliation:** MyQHealth can help ensure your bills are accurate, so you don't overpay.

- **Early Steps Maternity:** Throughout your pregnancy and after you give birth, nurses provide guidance to help keep you and your baby healthy. Earn Vitality Points for participating, too!
- **MyQHealth Health Track:** MyQHealth will e-mail you a list of recommended screenings/exams (p. 35) that can help you stay on track—completing these is a requirement to earn the Better You Incentive (p. 19).

### HOW DO I GET STARTED WITH MYQHEALTH?

To access these and all other MyQHealth services (p. 10), team members and covered spouses must complete the MyQHealth Get Connected process (required for BW medical enrollees once per lifetime to earn the Better You Incentive). See p. 10 for instructions.

## Real-World Examples of How MyQHealth Care Coordinators Help

*"The care coordinator was very helpful and got me peace of mind quickly."*

*"I would recommend my care coordinator. She actually made me feel like she cared and solved my problem."*

*"My care coordinator stuck with this difficult situation until it was fully resolved. She communicated in a timely and effective manner, and really went to bat for me. I can say with absolute certainty that my billing problem would not have been resolved without her help. She is a friendly, caring professional, and I cannot thank her enough!"*

As you look over this section emphasizing all of BW's **ELECTED** benefits, make a point to prioritize what YOU need and understand your options—from medical, dental and vision plans with expanded **MyQHealth support for enrollees (see p. 11)**, to supplemental insurance, voluntary benefits, coverage for pets and more. For official plan documents, which govern in all cases, see your People Team representative or visit [www.bwellbeing.com](http://www.bwellbeing.com).

## Medical Plan Options

We offer three medical plans administered by UMR in partnership with MyQHealth using the UnitedHealthcare Choice Plus network of doctors and hospitals: **PPO**, **Choice Fund HSA** and **Choice Fund HSA BASIC** (see Medical Plan Comparison on p. 16–17).

**All plans offer the same provider network, 100% in-network coverage for preventive services and no lifetime benefit maximums.** When you need medical care, you may visit any doctor you choose; contact MyQHealth (p. 10-11) for doctor recommendations. If you use in-network providers, you'll pay lower negotiated plan rates. In-network and out-of-network expenses accumulate independently of one another toward separate deductibles and out-of-pocket maximums.

With your enrollment in any Barry-Wehmiller medical plan, you gain access to these valuable resources for reducing your out-of-pocket costs and assisting you on your wellbeing journey:

- MyQHealth Programs and Support (p. 11)
- OptumRx Home Delivery Pharmacy (p. 14)

# Enrollment Overview

## Who is eligible to enroll in elected benefits?

If you are a regular, full-time team member working at least 30 hours per week, you are eligible to enroll. In addition, most of our benefits offer coverage for your eligible dependents:

- Lawful spouse (same or opposite sex)
- Children under age 26 (regardless of marital, dependency or student status)
- Children with disabilities of any age, provided the disability occurred before age 26

When you initially add or remove a dependent, you must upload copies of the following dependent verification documents by logging into Workday and clicking Personal Information > View > Team Member Documents > Add > Document Category > Benefits > Upload:

- **Spouse:** Marriage certificate AND an additional document establishing current marital status (joint household bill, bank or credit card statement, mortgage or lease, or front page of your jointly filed federal tax return)
- **Child and/or dependent with a disability:** Birth certificate (naming you or your spouse as the child's parent) OR appropriate court order/adoption decree (naming you or your spouse as the child's legal guardian)

*Note: To remove a dependent due to divorce, you must provide the first and signature pages of your divorce decree.*

## When can I enroll in elected benefits?

There are different benefits enrollment periods depending on your circumstance:

- New hires are eligible for benefits on the first day of hire and must enroll within 30 days.
- All team members must enroll in or minimally check your benefits elections during Annual Enrollment each fall.
- Team members with a qualifying life status change must enroll or make changes within 30 days of the status change.

*Note: If you do not act within the designated enrollment period, you will need to wait until the next Annual Enrollment or life status change to adjust your elections.*

## What is a qualifying life status change?

An event in your life that can make you eligible for a special 30-day benefits enrollment period. Changes to

your elections must be related to the life status change; for example, if you have a baby, you may add your child to your coverage but cannot drop your spouse's coverage. Examples of qualifying life status changes include, but are not limited to, the following:

- Marriage, divorce, legal separation (per state law) or annulment
- Birth, adoption, placement for adoption or appointment of legal guardianship of your child
- A dependent child reaching the age of 26
- A change in any of the following for you or a covered dependent:
  - Employment status
  - Place of residence or employment that impacts provider network access
  - COBRA, Medicare or Medicaid eligibility
- Your death or the death of a covered dependent

## When does my coverage begin and end?

**The date coverage begins depends on the circumstance:**

- **Beginning of employment:** Coverage begins on the first day of employment, and new hires must enroll within 30 days. Please allow up to 10 days for processing.
- **Annual Enrollment:** Elections take effect on January 1 of the following year.
- **Life status change:** Elections take effect on the date of the event. Please allow up to 10 days for processing.

**The date coverage ends also depends on circumstance and benefit:**

- **End of employment:** Coverage ends on the last day of the calendar month in which employment terminates (except short- and long-term disability insurance, voluntary benefits and flexible spending accounts, which end on the last day of employment).
- **Dependent turning 26:** Coverage ends on the last day of the calendar month in which the individual turns 26.

## How do I enroll?

Follow the steps on your Annual Enrollment or New Hire checklist to enroll. If electing medical benefits, don't forget to complete the once-per-lifetime MyQHealth Get Connected process (p. 10).

*Note: Preventive medications also can be filled in a 90-day supply at select in-network retail pharmacies and still be covered under your plan. Call if you have questions about participating pharmacies prior to enrolling.*

The chart on p. 17 shows a general comparison of Barry-Wehmiller's three medical plan options:

**PPO:** A traditional Preferred Provider Organization (PPO) plan with higher premiums, lower deductibles and set copays for services and prescriptions. Copays do not apply toward your medical deductible.

**Choice Fund HSA or Choice Fund HSA BASIC:** High Deductible Health Plans (HDHPs) with lower premiums and higher deductibles. Certain preventive medications are covered at 100% (p. 28-41). #### LEARN THE LANGUAGE

##### Premium

The amount you pay for your health insurance every month

##### Annual Deductible

The amount that you and each of your covered dependents must pay out-of-pocket each year for covered expenses before the plan will pay benefits

##### Network

A group of doctors, labs, hospitals and other providers that your plan contracts with at a set payment rate

##### Out-of-Pocket Maximum

The most you pay during a calendar year before your plan starts to pay 100% for covered health benefits

##### Copay

A set dollar amount you pay for doctor visits, prescriptions and other healthcare services

##### Coinsurance

The percentage you pay for the cost of covered healthcare services, after you meet your deductible

##### Individual Family Member (Embedded) Deductible and/or Out-of-Pocket Maximum

A feature of certain family medical insurance plans. With this feature, there are two deductibles and/or out-of-pocket maximums—one that applies only to the first family member to reach it and a higher one for the whole family. Having an embedded deductible and/or out-of-pocket maximum means that when your expenses for any one family member reach the designated level, the medical insurance plan "turns on" for that individual. To activate the insurance benefits for the rest of your family, your combined expenses must reach the designated family level.

**Reminder: All plans offer the same provider network, 100% in-network coverage for preventive services and no lifetime benefit maximums.**

## Better You Incentive

For those planning to enroll in 2024 BW medical plans, the Better You Incentive is an additional source of inspiration to engage in healthy behaviors. Those who take action to care for their health in 2023 by completing the requirements of the Better You Incentive will pay at least \$1,200/\$2,000/\$2,400 less (see chart at right for detailed explanation) in 2024 BW medical premiums than those who do not participate.

To earn the incentive for 2024 BW medical premiums, you (AND your covered spouse) have until September 30, 2023, to:

1. Register and complete the once-per-lifetime MyQHealth Get Connected process (p. 10).
2. Complete and report all actions on your e-mailed MyQHealth Health Track, an action plan that tracks your completion of these critical prevention activities:
  - a. Obtain GOLD (or higher) status in Vitality, our online personalized wellbeing program (p. 4-5).
  - b. Complete an annual physical and all age/gender-appropriate screenings (p. 35).

**Note: Don't ignore your MyQHealth e-mails! Check your spam folder, or call MyQHealth at 855.576.9816 if you are not receiving them.**

## Are You Maximizing the Better You Incentive?

Because individual wellbeing is significantly impacted by household health, Barry-Wehmiller urges team members *and* spouses to take critical actions to care for their health. Team members and covered spouses INDIVIDUALLY earn the Better You Incentive, but the incentive grows when *both* team members and covered spouses make progress on their wellbeing journey (see chart below for details).

Coverage Level	WHO completed all required actions?	You will save at least...
Individual	Team member	\$1,200
Individual + Spouse	Team member <b>AND</b> spouse	\$2,400
	Team member <b>OR</b> spouse	\$1,200
Individual + Child(ren)	Team member	\$2,000
Family*	Team member <b>AND</b> spouse	\$2,400
	Team member <b>OR</b> spouse	\$1,200

*\*Family includes individual + spouse + child(ren).*

## Better You Incentive FAQ

**How will I get my MyQHealth Health Track?** Check your e-mail (and spam folder)! Each month until you have earned the Better You Incentive, MyQHealth will e-mail your Health Track to the address you provided during the Get Connected process. Your covered spouse needs to complete the Get Connected process to receive a Health Track as well. Call MyQHealth at 855.576.9816 if you are not receiving your Health Track.

**How do I get to GOLD status?** The quickest paths to GOLD start with the completion of your Vitality Check (biometric screening) and the online Vitality Health Review. For guidance on getting to GOLD (or higher) status in Vitality, login to [www.powerofvitality.com](http://www.powerofvitality.com) and click Points > Points Planner, or visit [www.bwellbeing.com](http://www.bwellbeing.com) and click Engage in Vitality > Vitality Path to Gold and Beyond. If you have a spouse, you earn Vitality Points together and share one status per household, regardless of BW medical coverage level. Together, you and your spouse must earn 1.5x the points an individual needs to get to any given status.

**I may have trouble getting my spouse involved in Vitality. Why is the program set up that way?** Household wellbeing has a significant impact on individual wellbeing. It's important for both of you to engage in healthy behaviors. We want to do our part to support that.

**I'm not getting credit for a completed activity on my Health Track. What should I do?** You can "self-attest" to completing certain activities at [www.mybwbenefits.com](http://www.mybwbenefits.com). You may also contact MyQHealth at 855.576.9816. You'll be asked to provide a few details about the completed activity.

**Can I qualify for the incentive if I am not enrolled in 2023 BW medical but choose to enroll in 2024?** Yes! You will need to complete the same requirements. However, because you will not have received a MyQHealth Health Track, you must submit legal verification by September 30, 2023, stating that you have completed the required activities. Contact MyQHealth with questions about this process.

# Dental Plan

Your oral health is a critical component of your overall health. As such, we offer a dental plan administered by Delta Dental of Missouri that can be elected regardless of whether or not you enroll in medical. This Preferred Provider Organization (PPO) plan offers up to two in-network cleanings per member per year at no charge. In addition, participants have access to orthodontia benefits.

With this PPO plan, you may see any dentist you wish. If you use in-network providers (PPO and Premier on Delta Dental's website), you'll pay lower negotiated plan rates. If you use out-of-network providers, you pay more for covered services, may have to file your own claims and can be billed for charges exceeding the usual market cost. Average discount range for dentists in the PPO Network is 30–35%, while the average range for Premier Network dentists is 10–15%.

## 401(k) Retirement Savings Plan

Barry-Wehmiller's 401(k) Retirement Savings Plan, administered by Transamerica, is an important tool to help you with critical preparation for retirement. Team members are eligible on their first day of employment and are 100% vested in the company match.

After your first payroll is processed, your account will be automatically set up as follows:

- To save 6% of eligible compensation on a pre-tax basis.
- To utilize PortfolioXpress, an automated asset allocation service based on a designated retirement year and risk preference (default is age 65 and moderate). This free service is designed for those who prefer a low-maintenance, yet responsible approach to retirement plan investing.

With no action, contributions typically start within 60 days for new accounts. At any point, you can change your contribution level and/or investment elections. The plan has a wide variety of investment options, including a self-directed brokerage account that allows more hands-on account management.

There are three ways you can contribute to our plan, and you may take advantage of any, or all, of the three options highlighted in the chart to the right.

**Note: Your 401(k) beneficiary designation is separate from the company paid life program. Please login to your retirement account to complete this designation.**

#### 401(k) Beneficiary

Your online beneficiary designation, not your will, determines how your retirement plan assets are distributed. Without a designation, assets will be distributed according to the plan

provisions. For the Barry-Wehmiller plan, the default primary beneficiary is your surviving spouse, and the contingent is your estate, requiring your heirs to open an estate with the state probate court.

## Health Savings and Flexible Spending Accounts

Regardless of whether or not you enroll in a BW medical plan, Barry-Wehmiller offers tax-advantaged account options for all team members. These accounts can save you money by allowing you to set aside pre-tax dollars for qualified expenses (for a complete list of eligible expenses, see IRS Publications 502 [Healthcare] and 503 [Dependent Care] at [www.irs.gov](http://www.irs.gov)).

### DID YOU KNOW?

Team members with existing HSAs and/or FSAs are required to designate a contribution amount during Annual Enrollment each year, as prior year elections do not roll over.

## Tips for Determining How Much to Contribute to a Tax-Advantaged Account

- 1. Gather your healthcare out-of-pocket expenses from 2022 and use the total as a baseline.** If you have been enrolled in a BW plan, login to [www.mybwbenefits.com](http://www.mybwbenefits.com) and click My Plan > Claims to see a list of your 2022 medical and prescription out-of-pocket costs.
- 2. Remember: Unused amounts in an HSA roll over from year to year,** so there's no harm in contributing more than your annual expenses. **Unused amounts in an FSA are forfeited at year-end,** so estimate carefully to maximize your tax benefit and minimize the risk of falling prey to "Use It or Lose It."
- 3. For Choice Fund HSA and HSA BASIC participants:**
  - Consider saving the difference between your premium and the premium you would pay for the PPO plan. You'll be spending the same amount as you would if you chose the PPO plan, but the additional money will be in your HSA for whenever you need it.
  - Set a goal to reach a balance in your HSA that could offset your deductible, if needed.

#### \*If I have an HSA, what FSA accounts can I enroll in?

Participants in an HSA can enroll in the Dependent Care FSA but not the Healthcare FSA.

#### \*\*How do company HSA contributions to the Choice Fund HSA plan work?

Participants in the Choice Fund HSA plan (not HSA BASIC) will receive the company contribution in quarterly installments beginning in January. These funds are deposited to the team member’s HSA as soon as possible, typically in the first month of each calendar quarter. During the year, new hires and newly enrolled team members (due to a life status change) will begin receiving the company contribution in the first full calendar quarter in which they are enrolled in the plan.

## Legal Notices—Health and Welfare Plans

Federal regulations require that these important legal notices be distributed to anyone eligible for Barry-Wehmiller Health and Welfare plans.

Please keep them on file in case a qualifying life event allows you to participate in the Barry-Wehmiller plans during the upcoming year. For further clarification, please e-mail [benefits@barry-wehmiller.com](mailto:benefits@barry-wehmiller.com) and a member of the benefits team will assist you.

### Medicare Part D Creditable Coverage Notice

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Barry-Wehmiller and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

If neither you nor any of your covered dependents are eligible for or have Medicare, this notice does not apply to you or the dependents, as the case may be. However, you should still keep a copy of this notice in the event you or a dependent should qualify for coverage under Medicare in the future. Please note, however, that later notices might supersede this notice.

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Barry-Wehmiller has determined that the prescription drug coverage offered by the Barry-Wehmiller Companies Welfare Benefit Plan ("Plan") is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is considered "creditable" prescription drug coverage. This is important for the reasons described below.

**Because your existing coverage is, on average, at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to enroll in a Medicare drug plan, as long as you later enroll within specific time periods.**

#### Enrolling in Medicare—General Rules

As some background, you can join a Medicare drug plan when you first become eligible for Medicare. If you qualify for Medicare due to age, you may enroll in a Medicare drug plan during a seven-month initial enrollment period. That period begins three months prior to your 65th birthday, includes the month you turn 65, and continues for the ensuing three months. If you qualify for Medicare due to disability or end-stage renal disease, your initial Medicare Part D enrollment period depends on the date your disability or treatment began. For more information you should contact Medicare at the telephone number or web address listed at the end of this section.

#### Late Enrollment and the Late Enrollment Penalty

If you decide to wait to enroll in a Medicare drug plan you may enroll later, during Medicare Part D's annual enrollment period, which runs each year from October 15th through December 7th. But as a general rule, if you delay your enrollment in Medicare Part D, after first becoming eligible to enroll, you may have to pay a higher premium (a penalty).

If after your initial Medicare Part D enrollment period, you go **63 continuous days or longer without "creditable" prescription drug coverage** (that is, prescription drug coverage that's at least as good as

Medicare's prescription drug coverage), your monthly Part D premium may go up by at least 1% of the premium you would have paid had you enrolled timely, for every month that you did not have creditable coverage.

For example, if after your Medicare Part D initial enrollment period you go nineteen months without coverage, your premium may be at least 19% higher than the premium you otherwise would have paid. You may have to pay this higher premium for as long as you have Medicare prescription drug coverage. *However, there are some important exceptions to the late enrollment penalty.*

#### Special Enrollment Period Exceptions to the Late Enrollment Penalty

There are "special enrollment periods" that allow you to add Medicare Part D coverage months or even years after you first became eligible to do so, without a penalty. For example, if after your Medicare Part D initial enrollment period you lose or decide to leave employer-sponsored or union-sponsored health coverage that includes "creditable" prescription drug coverage, you will be eligible to join a Medicare drug plan at that time.

In addition, if you otherwise lose other creditable prescription drug coverage (such as under an individual policy) through no fault of your own, you will be able to join a Medicare drug plan, again without penalty. These special enrollment periods end two months after the month in which your other coverage ends.

#### Compare Coverage

You should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. See the Plan's summary plan description for a summary of the Plan's prescription drug coverage. If you don't have a copy, you can get one by contacting us at the telephone number or address listed at the end of this section.

#### Coordinating Other Coverage with Medicare Part D

Generally speaking, if you decide to join a Medicare drug plan while covered under the Barry-Wehmiller Plan due to your employment (or someone else's employment, such as a spouse or parent), your coverage under the Barry-Wehmiller Plan will not be affected. For most persons covered under the Plan, the Plan will pay prescription drug benefits first, and Medicare will determine its payments second. For more information about this issue of what program pays first and what program pays second, see the Plan's summary plan description or contact Medicare at the telephone number or Web address listed below.

If you do decide to join a Medicare drug plan and drop your Barry-Wehmiller prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back. To regain coverage you would have to reenroll in the Plan, pursuant to the Plan's eligibility and enrollment rules. You should review the Plan's summary plan description to determine if and when you are allowed to add coverage.

*For more information about this notice or your current prescription drug coverage...* Call Culture & People Development at (314) 862-8000 for more information about this notice. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Barry-Wehmiller changes. You also may request a copy.

*For more information about your options under Medicare prescription drug coverage...* More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

*For more information about Medicare prescription drug coverage:*

- Visit [www.medicare.gov](http://www.medicare.gov)
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the Web at [www.socialsecurity.gov](http://www.socialsecurity.gov), or call them at 1-800-772-1213 (TTY 1-800-325-0778).

**Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and whether or not you are required to pay a higher premium (a penalty).**

Nothing in this notice gives you or your dependents a right to coverage under the Plan. Your (or your dependents') right to coverage under the Plan is determined solely under the terms of the Plan.

## Prescription Drug Coverage and Medicare Part D Non-Creditable Coverage

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Barry-Wehmiller and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

If neither you nor any of your covered dependents are eligible for or have Medicare, this notice does not apply to you or the dependents, as the case may be. However, you should still keep a copy of this notice in the event you or a dependent should qualify for coverage under Medicare in the future. Please note, however, that later notices might supersede this notice.

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare prescription drug plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Barry-Wehmiller has determined that the prescription drug coverage offered by the Barry-Wehmiller Choice Fund HSA BASIC ("Plan") is, on average for retiree plan participants, NOT expected to pay out as much as standard Medicare prescription drug coverage pays, and is considered "non-creditable" coverage. This is important, because most likely, you will get more help with your drug costs if you join a Medicare drug plan than if you only have prescription drug coverage from the Plan. It's also important because if you delay your enrollment in a Medicare drug plan you may have to pay a late enrollment penalty later, when you do enroll in a Medicare drug plan. See the discussion below about late enrollment penalties that might apply when you move from "non-creditable" coverage to a Medicare drug plan after your first opportunity to do so.
3. You have decisions to make about Medicare prescription drug coverage that may affect how much you pay for that coverage, depending on if and when you join. Read this notice carefully—it explains your options.

Consider joining a Medicare drug plan. You can keep your coverage from Barry-Wehmiller. You can keep the coverage regardless of whether it is "creditable" or "non-creditable," that is, regardless of whether it is as good as a Medicare drug plan. However, because your existing coverage is "non-creditable" coverage, meaning that on average it's NOT at least as good as standard Medicare prescription drug coverage, you may pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

But as a general rule, if you delay your enrollment in a Medicare drug plan after first becoming eligible to enroll, you may have to pay a higher premium when you later enroll in a Medicare drug plan.

If after your initial Medicare Part D enrollment period, you go **63 continuous days or longer without "creditable" prescription drug coverage** (that is, prescription drug coverage that's at least as good as Medicare's prescription drug coverage), your monthly Part D premium may go up by at least 1% of the premium you would have paid had you enrolled timely, for every month that you did not have creditable coverage after your initial enrollment period.

For example, if you do not enroll in a Medicare drug plan during your Medicare Part D initial enrollment period, and you then go 19 months without "creditable" prescription drug coverage before enrolling in a Medicare drug plan, your Medicare drug plan premium may be at least 19 percent higher than the premium you otherwise would have paid. You may have to pay this higher premium for as long as you have Medicare prescription drug coverage.

*Please note again that Barry-Wehmiller has determined the prescription drug coverage you currently have through its plan is NOT "creditable" coverage. This means that if you do not enroll in a Medicare drug plan during your initial enrollment period, and don't have or acquire "creditable" prescription drug coverage during the ensuing 63 days; you will pay a late enrollment penalty when you ultimately enroll in a Medicare drug plan.*

### Special Enrollment Periods and Exceptions to the Late Enrollment Penalty

There are "special enrollment periods" that allow you to enroll in a Medicare drug plan months or even years after you first became eligible to do so. Whether you will be required to pay a late enrollment penalty when you enroll in a Medicare drug plan during a special enrollment period depends on whether you are moving to a Medicare drug plan from creditable, or non-creditable, prescription drug coverage.

If after your Medicare Part D initial enrollment period you lose or decide to leave employer-sponsored or union-sponsored prescription drug coverage, you will be eligible to enroll in a Medicare drug plan during a two-month special enrollment period. If your employer- or union-sponsored prescription drug coverage was "creditable" coverage, your enrollment in a Medicare drug plan will be without penalty (assuming you did not have a 63-consecutive-day or longer break in "creditable" coverage after your Medicare Part D initial enrollment period). On the other hand, if the coverage was "non-creditable" your enrollment in the Medicare drug plan will be subject to a late enrollment penalty unless you had non-creditable coverage for fewer than 63 consecutive days after your Medicare Part D initial enrollment period.

In addition, if through no fault of your own, you otherwise lose creditable prescription drug coverage (e.g., your employer- or union-sponsored plan's coverage changes from creditable to non-creditable, or you lose creditable prescription drug coverage under an individual policy), you will be able to join a Medicare drug plan without penalty. This special enrollment period ends two months after the month in which your other coverage ends.

*Please note again that Barry-Wehmiller has determined the prescription drug coverage you currently have through its plan is NOT "creditable" coverage. This means when you lose or decide to leave coverage under the Barry-Wehmiller Choice Fund HSA BASIC health plan after your initial Medicare Part D enrollment period you will pay a late enrollment penalty when you ultimately enroll in a Medicare drug plan.*

### Compare Coverage

You should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. See the Barry-Wehmiller Plan's summary plan description for a summary of its prescription drug coverage. If you don't have a copy of the summary plan description, you can get one by contacting us at the telephone number or address listed below.

### Coordinating Other Coverage with Medicare Part D

Generally speaking, if you decide to join a Medicare drug plan while covered under the Barry-Wehmiller Plan due to your employment (or someone else's employment, such as a spouse or parent), your coverage under the Barry-Wehmiller Plan will not be affected. For most persons covered under the Plan, the Plan will pay prescription drug benefits first, and Medicare will determine its payments second. For more information about this issue of what program pays first and what program pays second, see the Plan's summary plan description or contact Medicare at the telephone number or Web address listed below.

If you do decide to join a Medicare drug plan and drop your Barry-Wehmiller prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back. To regain coverage, you would have to re-enroll in the Plan, pursuant to the Plan's eligibility and enrollment rules. You should review the Plan's summary plan description to determine if and when you are allowed to reenroll or add coverage.

## Privacy Practices Notice

This Notice Describes How Medical Information About You May Be Used and Disclosed and How You Can Get Access To This Information. Please Review It Carefully.

The Health Insurance Portability and Accountability Act of 1996 and the regulations thereunder ("HIPAA") require a health plan to notify participants about its privacy policies and procedures with respect to participants' health information. This document is intended to satisfy HIPAA's notice requirement.

Barry-Wehmiller Companies, Inc. and its affiliates (the "Company") maintain the Barry-Wehmiller Companies, Inc. Medical Plan, the Barry-Wehmiller Companies, Inc. Dental Plan, the Health Care Expense Reimbursement Account of the Barry-Wehmiller Companies, Inc. Cafeteria Plan, and the Barry-Wehmiller Companies, Inc. Employee Assistance Plan (each plan or program is individually or collectively referred to as the "Plan" throughout this notice). The Plan or the insurer may share enrollment information with the Company, and may provide summary health information to the Company for Plan design purposes.

The Plan has authorized certain employees of the Company to have access to your health information (referred to as "employees with access"), so that they may perform certain administrative functions for the Plan. These administrative functions—treatment, payment, and health care operations—are described below. Employees with access also may use and disclose your health information for other purposes, which are outlined in this notice. Note, however, that only the Privacy Officer may have access to health information with respect to the EAP, and such access is strictly limited to the information necessary to carry out the Privacy Officer's management duties relating to the implementation of or compliance with the requirements of the HIPAA privacy regulations; no other associates have been authorized to have access to your EAP health information for any purpose.

Third party "business associates" that perform various services for the Plan also may have access to your health information. However, the Plan's business associates are subject to the HIPAA privacy and security rules in

the same way that the Plan is subject to such rules. In addition, each of the Plan's business associates has entered into an agreement with the Plan to safeguard your health information in accordance with HIPAA.

This notice will tell you about the ways in which employees with access to your health information and the Plan's business associates may use and disclose such information. It also describes the Plan's obligations and your rights regarding the use and disclosure of your health information.

The Plan is required by HIPAA to:

- make sure that your health information is kept private
- give you this notice of the Plan's legal duties and privacy practices with respect to your health information
- follow the terms of the notice that is currently in effect

In addition, if the Plan determines that a breach of your unsecured health information has occurred, the Plan must notify you of the breach. The Plan must also notify the Department of Health and Human Services, and in some cases, the media.

The Plan also is required to designate a Privacy Officer who is responsible for the development and implementation of the Plan's Privacy and Security Policies and Procedures. The Plan has designated the Company's Director, Health & Wellbeing as the Privacy Officer. The Privacy Officer may be contacted as noted above.

### How Employees With Access and Business Associates and May Use and Disclose Your Health Information

The following categories describe different ways in which employees with access and the Plan's business associates are permitted or required to use and disclose your health information. Not every use or disclosure in a category will be listed. In any event, the Plan is prohibited from using or disclosing any genetic health information for underwriting purposes, and from communications with you without your authorization concerning a product or service when the Plan receives remuneration for making the communication from the third party whose product or service is being marketed.

**For Treatment.** Employees with access and business associates may use and disclose your health information to facilitate medical treatment or services by health care providers. For example, if you are unable to provide your medical history as the result of an accident, a business associate may advise an emergency room physician about the types of prescription drugs you currently take.

**For Payment.** Employees with access and business associates may use and disclose your health information to make coverage determinations and payment in accordance with the terms of the Plan (this includes billing, claims management, subrogation, reviews for medical necessity and appropriateness of care, utilization review and preauthorization). For example, a business associate may tell your health care provider whether you are eligible for Plan coverage. Also, your health information may be shared with another health plan to coordinate benefit payments.

**For Health Care Operations.** Employees with access and business associates may use and disclose your health information to enable the Plan to operate or to operate more efficiently. This includes: conducting quality assessment and improvement activities, submitting claims for stop-loss coverage, determining employee contributions, conducting or arranging for medical review, legal services, and audit services, disease management, case management, planning and development and general Plan administrative activities. For example, the Plan may use your claims information to refer you to a disease management program, project future benefit costs, or audit the accuracy of its claims processing functions. In addition, the Plan may contact you to provide you information about treatment alternatives or other health-related benefits that may be of interest to you. In general, if the Plan receives direct or indirect payment by an outside entity to send you a communication, prior authorization from you will be required.

### Other Permitted Uses and Disclosures:

- The Plan may be required by law to disclose your health information.
- The Plan will make your health information available to you, and to the Secretary of the Department of Health and Human Services for purposes of HIPAA enforcement.

- Your health information may be disclosed to a public health agency. This may include disclosing your health information to report certain diseases, death, abuse, neglect or domestic violence or reporting information to the Food and Drug Administration, if you experience an adverse reaction from any of the drugs, supplies or equipment that are involved in your care.
- Your health information may be disclosed to government agencies so they can monitor, investigate, inspect, discipline or license those who work in the health care system or for government benefit programs.
- Your health information may be disclosed as authorized by law to comply with workers' compensation laws.
- Your health information may be disclosed in the course of a judicial or administrative proceeding, in response to an order of a court or administrative tribunal (to the extent such disclosure is expressly authorized); and in response to a subpoena, discovery request, or other lawful process, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.
- Your health information may be disclosed to law enforcement officials to report or prevent a crime, locate or identify a suspect, fugitive or material witness or assist a victim of a crime.
- Your health information may be used or disclosed to avert a serious threat to health or safety if the use or disclosure is necessary to prevent a serious and imminent threat to the health or safety of a person or to the public, and is disclosed to a person who is reasonably able to prevent or lessen the threat, including the target of the threat.
- Your health information may be used or disclosed for limited research purposes, provided that a waiver of the authorization required by HIPAA has been approved by an appropriate privacy board.
- If you are a member of the armed forces, the Plan may disclose your health information as required by military command authorities or to evaluate your eligibility for veteran's benefits. The Plan also may disclose health information about foreign military personnel to the appropriate foreign military authority.
- Your health information may be disclosed to coroners, health examiners and funeral directors so that they can carry out their duties or for purposes of identification or determining cause of death.
- Your health information may be disclosed to people involved with obtaining, storing or transplanting organs, eyes or tissue of cadavers for donation purposes.
- The Plan may disclose your health information to authorized federal officials for intelligence, counterintelligence, and other national security activities authorized by law.
- If you are an inmate of a correctional institution or under the custody of a law enforcement official, the Plan may release your health information to the correctional institution or law enforcement official.
- Your health information may be disclosed to your spouse, a family member or a close personal friend if the health information is directly relevant to your spouse's, family member's or close personal friend's involvement with payment related to your health care.

**Pursuant to an Authorization.** For uses and disclosures of your health information beyond the uses and disclosures described above, the Plan is required to obtain your written authorization. You may revoke an authorization at any time.

#### **Your Rights With Respect to Your Health Information**

You have the following rights with respect to your health information:

**Right to Inspect and Copy.** You have the right to inspect and copy your coverage, payment and claims record and other health information used by the Plan to make benefit determinations about you. To inspect and copy such information, you must submit your request in writing to the Privacy Officer. If you request a copy of the information, we may charge a fee for the costs of copying, mailing or other supplies associated with your request.

The Plan may deny your request to inspect and copy in certain very limited circumstances. If you are denied access to your health information, you may file a complaint regarding the denial.

If the Plan maintains an electronic health record ("EHR") that contains your health information, you may have the right to request an electronic copy

or direct that a copy of the EHR be sent to a designated individual. The Plan may charge you a fee (not greater than its labor costs) for responding to your request. Contact the Privacy Officer for more information.

**Right to Amend.** You have the right to request that the Plan amend your coverage, payment and claims record and other health information used by the Plan to make benefit determinations about you. You have the right to request an amendment for as long as the information is maintained by or for the Plan.

To request an amendment, you must submit your request in writing to the Privacy Officer. In addition, you must provide a reason that supports your request.

If your request is denied in whole or in part, the Plan will provide you with a written denial that explains the basis for the denial. You may then submit a written statement disagreeing with the denial and have that statement included with any future disclosure of your health information.

**Right to an Accounting of Disclosures.** You have the right to request an "accounting" of the Plan's disclosures of your health information during a time period which may be no longer than six years prior to the date of your request (three years for EHRs), if applicable). There are exceptions to the types of disclosures for which the Plan is required to account. For example, for health information that is not in an EHR, the Plan is not required to give you an accounting of disclosures for purposes of treatment, payment or health care operations, and the Plan is not required to account for disclosures made prior to the date HIPAA first applied to the Plan.

To request an accounting of disclosures, you must submit your request in writing to the Privacy Officer. Your request should indicate in what form you want the accounting (for example, paper or electronic). The first accounting you request within a 12 month period will be free. For additional accountings, the Plan may charge you for the costs of providing the accounting. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

**Right to Request Restrictions.** You have the right to request a restriction on the health information that the Plan may use or disclose about you for treatment, payment or health care operations, or that the Plan may disclose to your spouse, a family member or a close personal friend who is involved with payment related to your health care.

In general, we are not required to agree to your request. However, we are required to agree to a request to restrict disclosure of your health information for payment or health care operations (but not for treatment purposes) if you have paid your provider in full, out-of-pocket.

Requests for restrictions must be made in writing to the Privacy Officer. In your request, you must provide: (1) what information you want to restrict; (2) whether you want to restrict use, disclosure or both; and (3) to whom you want the restrictions to apply.

**Right to Request Confidential Communications.** You have the right to request that the Plan communicate with you in a certain way or at a certain location, such as only at work or by mail.

Requests for confidential communications must be made in writing to the Privacy Officer. The Plan will attempt to honor all reasonable requests. Your request must specify how or where you wish to be contacted.

**Right to a Paper Copy of This Notice.** You have the right to a paper copy of this notice. You may ask us to give you a copy of this notice at any time.

You also may obtain a copy of this notice on our website at: <http://www.bwwellbeing.com/benefits-links>

#### **Changes to This Notice**

The Plan reserves the right to change the terms of this notice. The Plan reserves the right to make the revised notice effective with respect to all of your health information already maintained by the Plan, as well as any of your health information maintained by the Plan in the future. In the event of a material change to the notice, a revised version of the notice will be provided to you in a manner permitted by the HIPAA privacy regulations.

#### **Complaints**

If you believe your privacy rights have been violated or if you have been notified by the Plan that a breach of your health information has occurred, you may file a complaint with the Plan or with the Secretary of the Department of Health and Human Services. To file a complaint with the

Plan, contact the Privacy Officer at the address listed on the first page of this notice. All complaints must be submitted in writing.

You will not be retaliated against for filing a complaint.

### Special Enrollment Rights Notice

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to later enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage).

Loss of eligibility includes but is not limited to:

- Loss of eligibility for coverage as a result of ceasing to meet the plan's eligibility requirements (i.e., legal separation, divorce, cessation of dependent status, death of an employee, termination of employment, reduction in the number of hours of employment)
- Loss of HMO coverage because the person no longer resides or works in the HMO service area and no other coverage option is available through the HMO plan sponsor
- Elimination of the coverage option a person was enrolled in, and another option is not offered in its place
- Failing to return from an FMLA leave of absence
- Loss of coverage under Medicaid or the Children's Health Insurance Program (CHIP)

Unless the event giving rise to your special enrollment right is a loss of coverage under Medicaid or CHIP, you must request enrollment within 30 days after your or your dependent's(s) other coverage ends (or after the employer that sponsors that coverage stops contributing toward the coverage).

If the event giving rise to your special enrollment right is a loss of coverage under Medicaid or CHIP, you may request enrollment under this plan within 60 days of the date you or your dependent(s) lose such coverage under Medicaid or CHIP. Similarly, if you or your dependent(s) become eligible for a state-granted premium subsidy toward this plan, you may request enrollment under this plan within 60 days after the date Medicaid or CHIP determine that you or the dependent(s) qualify for the subsidy.

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

*\*This notice is relevant for healthcare coverages subject to the HIPAA portability rules.*

Revised October 19, 2010

### Right to Designate Primary Care Provider and of No Obligation for Pre-Authorization for OB/GYN Care Notice

Barry-Wehmler Welfare Benefit Plans generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the Plan Administrator at (314) 862-8000.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from Barry-Wehmler Companies or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the Plan Administrator at (314) 862-8000.

### Women's Health and Cancer Rights Notice

The Women's Health and Cancer Rights Act of 1998 ("WHCRA") provides certain protections for individuals receiving mastectomy-related benefits. Coverage will be provided in a manner determined in consultation with the attending physician and the patient for:

- All stages of reconstruction of the breast on which the mastectomy was performed
- Surgery and reconstruction of the other breast to produce a symmetrical appearance
- Prostheses
- Treatment of physical complications of the mastectomy, including lymphedemas

The Barry-Wehmler Welfare Benefit Plan provide(s) medical coverage for mastectomies and the related procedures listed above, subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan.

### Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit [www.healthcare.gov](http://www.healthcare.gov).

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or [www.insurekidsnow.gov](http://www.insurekidsnow.gov) to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at [www.askebsa.dol.gov](http://www.askebsa.dol.gov) or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2022. Contact your State for more information on eligibility.

## Legal Notice Regarding Barry-Wehmiller Companies, Inc. Wellbeing Programs

**The Barry-Wehmiller Companies, Inc. Wellbeing Program** is a voluntary wellbeing program available to all U.S. and Canada employees and spouses. The Wellbeing Program is administered according to federal rules permitting employer-sponsored wellbeing programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the Wellbeing Program you and your spouse (if applicable) will be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You will also be asked to complete a biometric screening, which will include height, weight, blood pressure and a blood test for cholesterol, triglycerides, glucose, HbA1c and cotinine. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

However, employees who choose to participate in the Wellbeing Program will receive an incentive of Vitality Points redeemable for Gift Cards and Fitness Devices. There are numerous ways to earn Vitality points and you can find the schedule and point level criteria by logging into [www.powerofvitality.com](http://www.powerofvitality.com) and navigating to Points>Points Planner. Although you are not required to complete the HRA or participate in the biometric screening, only employees who do so will receive 500-5,275 Vitality Points for an individual and 500-10,550 for associate and spouse (dependent on activities and results). Maximum incentive for all activities and outcomes is \$400 for an individual and \$800 for associate and spouse. If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting Vitality at 877-224-7117.

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the Wellbeing Program, such as tobacco cessation and weight loss programs. You also are encouraged to share your results or concerns with your own doctor.

**The Barry-Wehmiller Companies, Inc. Better You Incentive (BYI) Program** is a voluntary wellbeing program available to all eligible U.S. employees and spouses enrolled in the Barry-Wehmiller Medical Plan. The BYI Program is administered according to federal rules permitting employer-sponsored wellbeing programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health

Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the BYI Program you and your spouse (if applicable) will be asked to complete an annual physical, age and gender specific preventive screenings, and to reach the Gold status or higher (i.e. reaching 6,000 Vitality Points for an individual or 9,000 Vitality points for an associate and spouse) in Vitality. You are not required to participate in the BYI in order to be eligible for medical coverage.

However, employees who choose to complete the requirements for the BYI program will receive a reduced BW medical premium of at least \$100/month for individual coverage, at least \$166/month for individual+child(ren) coverage, at least \$100/month for family coverage (if the employee OR covered spouse completes the requirements) and at least \$200/month for family coverage (if both the employee AND covered spouse complete the requirements, or if the employee with covered child(ren) and no covered spouse completes the requirements).

If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting MyQHealth at 855-576-9816. Barry-Wehmiller Companies, Inc. reserves the right to change, amend, suspend or terminate any or all of the benefits described above, in whole or in part, at any time and for any reason in its sole discretion.
